

AWARD FEE FINDINGS AND DETERMINATION

This constitutes a determination of award fee earned by Science Applications International Corporation (SAIC), under Contract NNM04AA02C, with the George C. Marshall Space Flight Center.

The Performance Evaluation Board, acting under the authority of the award fee plan and Contract NNM04AA02C, has completed its evaluation of the contractor's performance for the period July 2005 through December 2005.

The Board's assessment of the contractor's performance and its recommendation to the undersigned Fee Determination Official for the aforementioned period is a rating of Excellent with a score of 93.0 which equates to a recommended award fee in the amount of \$3,854,187.

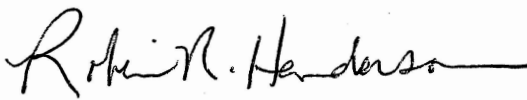

FINDINGS

Upon review of the Board's considerations in arriving at its recommendation and the contractor's response thereto, I hereby find the 93.0 percent, Excellent rating, to be a proper assessment of the contractor's performance for the stated period.

DETERMINATION

The contract provides for a potential award fee of \$4,144,287 for the current evaluation period.

Based upon the findings set forth above, I hereby determine that the contractor is awarded fee, pursuant to Contract NNM04AA02C, in the amount of \$3,854,187 for the period ending December 31, 2005.
